# 2 & 15. Hazards Identification & Regulatory Requirements:

| Product Name:                           | CD-90 Aerosol   |
|---|---|
| Group Standard, Approval #              | Aerosols (Flammable) Group Standard 2017, HSR002515           |
| HSNO Classes (from GHS codes)           | 2.1.2A, 6.3A, 6.4A, 9.1C                                      |
| Class 9 Hazard/Precautionary Statements | DANGER  |
|   | Extremely flammable aerosol.                                  |
|   | Pressurised container: Do not pierce or burn, even after use. |
|   | Causes skin irritation.                                       |
|   | Causes serious eye irritation.                                |
|   | Harmful to aquatic life with long lasting effects.            |
|   | Keep out of reach of children.                                |
|   | Read label and safety data sheet before use.                  |
|   | Keep away from heat / sparks / open flames / hot surfaces.    |
|   | No smoking.   |
|   | Do not spray on an open flame or other ignition source. Wash  |
|   | hands thoroughly after handling.                              |
|   | Wear protective gloves and eye / face protection.             |
|   | Avoid release to the environment.                             |
|   | Protect from sunlight. Do not expose to temperatures          |
|   | exceeding 50°C.   |
| TEL or EEL applicable?                  | None  |

Regulation EC No 1907/2006 Art.31

| Productname : | CD-90                     | Cre |

# SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

**CD-90** Aerosol

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

Lubricants

#### 1.3. Details of the supplier of the safety data sheet

CRC Industries UK Ltd. Wylds Road Castlefield Industrial Estate TA6 4DD Bridgwater Somerset United Kingdom Tel.: +44 1278 727200 Fax.: +44 1278 425644 E-mail : hse.uk@crcind.com

#### 1.4. Emergency telephone number

#### (+44)(0)1278 72 7200 (office hours)

# **SECTION 2: Hazards identification**

#### 2.1. Classification of the substance or mixture

#### Classification according to Regulation (EC) No 1272/2008

| Physical:               | Aerosols, category 1<br>Extremely flammable aerosol.<br>Pressurised container: May burst if heated.            |
|-------------------------|--|
| Classification is based | on test data.  |
| Health:                 | Not classified   |
| Classification based or | calculation method.  |
| Environment:            | Hazardous to the aquatic environment, chronic category 3<br>Harmful to aquatic life with long lasting effects. |
| Classification based or | calculation method   |

#### 2.2. Label elements

1 / 9

| Safety Data Sheet |                           | Regulation EC No 1907/2006 Art.31 |                        |  |
|-------------------|---------------------------|-----------------------------------|------------------------|--|
| Productname :     | CD-90                     | Creationdate :                    | 21.12.20 Version : 3.0 |  |
| Ref.Nr.:          | UDS000746_3_20201221 (EN) | Replaces:                         | UDS000746_20170629     |  |

#### Labelling according to Regulation (EC) No 1272/2008

| Hazard pictogram(s):        |   |
|-----------------------------|---|
| Signal word:                | Danger  |
| Hazard statement(s):        | H222 : Extremely flammable aerosol.   |
|                             | H229 : Pressurised container: May burst if heated.  |
|                             | H412 : Harmful to aquatic life with long lasting effects.   |
| Precautionary statement(s): | P102 : Keep out of reach of children.   |
|                             | P210 : Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. |
|                             | P211 : Do not spray on an open flame or other ignition source.  |
|                             | P251 : Do not pierce or burn, even after use.   |
|                             | P410/412 : Protect from sunlight. Do not expose to temperatures exceeding 50°C/122°F.                 |
|                             | P501-2 : Dispose of contents/container to an authorised waste collection point.                       |

(\* Explanation phrases : see chapter 16)

# SECTION 4: First aid measures

### 4.1. Description of first aid measures

Contact with eyes :

If substance has got into eyes, immediately wash out with plenty of water

CRC Industries UK Limited Wylds Road, Castlefield Industrial Estate, Bridgwater, Somerset, TA6 4DD Tel: +44 (0)1278 727200 Fax: +44 (0)1278 425644 web: www.actioncan.com

| Safety Data Sheet |                           | Regulation EC No 1907/2006 Art.31 |                        |  |
|-------------------|---------------------------|-----------------------------------|------------------------|--|
| Productname :     | CD-90                     | Creationdate :                    | 21.12.20 Version : 3.0 |  |
| Ref.Nr.:          | UDS000746_3_20201221 (EN) | Replaces:                         | UDS000746_20170629     |  |

|                     | If eye irritation persists: Get medical advice/attention.                  |
|---------------------|--|
| Contact with skin : | Wash with plenty of soap and water.  |
|                     | If skin irritation occurs: Get medical advice/attention.                   |
| Inhalation :        | IF INHALED: Remove person to fresh air and keep comfortable for breathing. |
|                     | Call a POISON CENTER or doctor/physician if you feel unwell.               |
| Ingestion :         | If swallowed do not induce vomiting because of risk of aspiration into the |
|                     | lungs. If aspiration is suspected obtain immediate medical attention       |

#### 4.2. Most important symptoms and effects, both acute and delayed

| Inhalation :   | Excessive inhalation of solvent vapours may give rise to nausea, headaches and dizziness   |
|----------------|--|
| Ingestion :    | After vomiting of swallowed product aspiration into lungs is likely. Solvents may induce chemical pneumonia.<br>Symptoms : sore throat, abdominal pain, nausea, vomiting |
| Skin contact : | May cause irritation.<br>Symptoms : redness and pain   |
| Eye contact :  | May cause irritation.<br>Symptoms : redness and pain   |

#### 4.3. Indication of any immediate medical attention and special treatment needed

| General Advice : | If you feel unwell, seek medical advice (show the label where possible |
|------------------|--|
|                  | If symptoms persist always call a doctor                               |

# SECTION 5: Firefighting measures

#### 5.1. Extinguishing media

foam, carbon dioxide or dry agent Do not use water jet extinguishing media, due to the risk of spreading fire.

#### 5.2. Special hazards arising from the substance or mixture

Aerosols may explode if heated above 50°C Forms hazardous decomposition products CO,CO2

#### 5.3. Advice for firefighters

Keep container(s) exposed to fire cool, by spraying with water In case of fire, do not breathe fumes

### SECTION 6: Accidental release measures

#### 6.1. Personal precautions, protective equipment and emergency procedures

Shut off all ignition sources Ensure adequate ventilation

3/9

| Safety Data Sheet |                           | Regulation EC No 1907/2006 Art.31 |                        |  |
|-------------------|---------------------------|-----------------------------------|------------------------|--|
| Productname :     | CD-90                     | Creationdate :                    | 21.12.20 Version : 3.0 |  |
| Ref.Nr.:          | UDS000746 3 20201221 (EN) | Replaces:                         | UDS000746 20170629     |  |

Wear suitable protective clothing and gloves. In case of insufficient ventilation, wear suitable respiratory equipment.

#### 6.2. Environmental precautions

Do not allow to enter public sewers and watercourses If polluted water reaches drainage systems or water courses, immediately inform appropriate authorities

#### 6.3. Methods and material for containment and cleaning up

Absorb spillage in suitable inert material

#### 6.4. Reference to other sections

For further information see section 8

# SECTION 7: Handling and storage

#### 7.1. Precautions for safe handling

Keep away from heat and sources of ignition Take precautionary measures against static discharges Equipment should be earthed Use explosion-proof electrical/ventilating/lighting/.../equipment. Use only non-sparking tools. Do not breathe aerosols or vapours. Ensure adequate ventilation In case of insufficient ventilation, wear suitable respiratory equipment. Avoid contact with skin and eyes. Wash thoroughly after use Wear protective gloves/protective clothing/eye protection/face protection.

#### 7.2. Conditions for safe storage, including any incompatibilities

Pressurized container : protect from sunlight and do not expose to temperatures exceeding 50°C. Keep out of reach of children.

#### 7.3. Specific end use(s)

Lubricants

# SECTION 8: Exposure controls/personal protection

#### 8.1. Control parameters

#### Exposure limits :

4/9

| Productname : CD-90   Ref.Nr.: UDS000746_3_2020122 | Creationdate :21.12.20 Version(EN)Replaces:UDS000746_20 |  |
|--|---|--|
|--|---|--|

| Hazardous ingredient                                 | CAS-nr.  | method |          |
|--|----------|--------|----------|
| National established exposure limits, United Kingdom |          |        |          |
| 2,6-di-tert-butyl-p-cresol                           | 128-37-0 | TWA    | 10 ppm   |
| National established exposure limits, Ireland        |          |        |          |
| 2,6-di-tert-butyl-p-cresol                           | 128-37-0 | TWA    | 10 mg/m3 |
|  |          | STEL   | -        |

#### 8.2. Exposure controls

| Control procedures :      | Ensure adequate ventilation<br>Keep away from heat and sources of ignition<br>Take precautionary measures against static discharges   |
|---------------------------|---|
| Personal protection :     | Take precautions to avoid contact with skin and eyes when handling the product.<br>It is good practice to wear gloves and to provide adequate ventilation whenever using the product.<br>In all cases handle and use the product in accordance with good industrial |
|                           | hygiene practices.  |
| inhalation :              | In case of insufficient ventilation, wear suitable respiratory equipment.   |
| hands and skin :          | Depending on amount and duration of use and the risk of contact with the product the gloves manufacturer can assist you in the selection of the right glove material and breakthrough time.   |
| Recommended gloves:       | Nitrile   |
| eyes :                    | Wear safety eyewear according to EN 166.  |
| Environmental protection: | Avoid release to the environment.<br>Collect spillage.  |

# **SECTION 9: Physical and chemical properties**

#### 9.1. Information on basic physical and chemical properties

| (for aerosols data for the product | t without propellant)            |
|------------------------------------|----------------------------------|
| Appearance : physical state :      | Propane/butane propelled liquid. |
| colour :                           | Brown.                           |
| odour :                            | Characteristic odor.             |
| рН :                               | Not applicable.                  |
| Boiling point/range :              | >250 °C                          |
| Flash point :                      | 228 °C                           |
| Evaporation rate :                 | Not available.                   |
| Explosion limits : upper limit :   | Not available.                   |
| lower limit :                      | Not available.                   |
| Vapour pressure :                  | Not available.                   |
| Relative density :                 | 0.89 g/cm3 (@ 15°C).             |
| Solubility in water :              | Insoluble in water               |
| Auto-ignition :                    | Not available.                   |
| Viscosity :                        | 220 cSt @ 40°C                   |
|                                    | Not available.                   |

#### 9.2. Other information

| Safety | Data | Sheet |
|--------|------|-------|
|--------|------|-------|

Regulation EC No 1907/2006 Art.31

| Productname : | CD-90                     | Creationdate : | 21.12.20 Version : 3.0 |
|---------------|---------------------------|----------------|------------------------|
| Ref.Nr.:      | UDS000746_3_20201221 (EN) | Replaces:      | UDS000746_20170629     |

# SECTION 10: Stability and reactivity

#### 10.1. Reactivity

No hazardous reactions known if used for its intended purpose

#### 10.2. Chemical stability

Stable

#### 10.3. Possibility of hazardous reactions

No hazardous reactions known if used for its intended purpose

#### 10.4. Conditions to avoid

Avoid overheating

#### 10.5. Incompatible materials

Strong oxidising agent

#### 10.6. Hazardous decomposition products

CO,CO2

# SECTION 11: Toxicological information

#### 11.1. Information on toxicological effects

| acute toxicity:                       | based on available data the classification criteria are not met |
|---------------------------------------|---|
| skin corrosion/irritation:            | based on available data the classification criteria are not met |
| serious eye damage/irritation:        | based on available data the classification criteria are not met |
| respiratory or skin<br>sensitisation: | based on available data the classification criteria are not met |
| germ cell mutagenicity:               | based on available data the classification criteria are not met |
| carcinogenicity:                      | based on available data the classification criteria are not met |
| toxicity for reproduction:            | based on available data the classification criteria are not met |
| STOT-single exposure:                 | based on available data the classification criteria are not met |
| STOT repeated exposure:               | based on available data the classification criteria are not met |
| aspiration hazard:                    | based on available data the classification criteria are not met |

#### Information on likely routes of exposure:

| Inhalation : | Inhalation of solvent vapours may give rise to nausea, headaches and dizziness |
|--------------|--|
| Ingestion :  | After vomiting of swallowed product aspiration into lungs is likely. Solvents  |

CRC Industries UK Limited Wylds Road, Castlefield Industrial Estate, Bridgwater, Somerset, TA6 4DD Tel: +44 (0)1278 727200 Fax: +44 (0)1278 425644 web: www.actioncan.com

| Safety Data Sheet |                           | Regulation EC No 1907/2006 Art.31 |                        |
|-------------------|---------------------------|-----------------------------------|------------------------|
| Productname:      | CD-90                     | Creationdate :                    | 21.12.20 Version : 3.0 |

|                | may induce chemical pneumonia.  |
|----------------|---|
| Skin contact : | Prolonged skin contact will result in defatting of the skin, leading to irritation,<br>and in some cases, dermatitis<br>Repeated exposure may cause skin dryness or cracking. |
|                |   |
| Eye contact :  | May cause irritation.   |

#### **Toxicological data :**

| No information available           |  |
|------------------------------------|--|
| SECTION 12: Ecological information |  |

### 12.1. Toxicity

Hazardous to the aquatic environment, chronic category 3 Harmful to aquatic life with long lasting effects.

### Ecotoxicological data:

No information available

### 12.2. Persistence and degradability

No information available

### 12.3. Bioaccumulative potential

No information available

# 12.4. Mobility in soil

Insoluble in water

# 12.5. Results of PBT and vPvB assessment

No information available

### 12.6. Other adverse effects

No information available GWP (global warming potential): 1

# SECTION 13: Disposal considerations

# 13.1. Waste treatment methods

7/9
